Dick KI4EFJ mentioned that we have been talking about putting IRLP on the 145.13
repeater in Laurel. He had a brochure for an IRLP interface that he thought we should
buy. A motion was made after some discussion about the difference between IRLP and
Echolink, to purchase the board and get it operational. The motion was seconded and
passed by a show of hands.

ARRL station W1AW and the other one was a short video about amateur radio and the
Dayton hamfest.

Bill Martin Vice President.
