

**July 11, 2016 - Meeting Minutes
2001 Cantu Ct, Sarasota, FL 34232**

The Meeting was called to order by club president Bill Franklin K4FLV at 7pm.

There were 15 present. We did not have any new people in attendance.

Dick KI4EFJ read the treasurers report. He reported that he was approximately \$100 short of his goal to pay for the new duplexer that was put on our 145.13 repeater in Laurel. It cost \$1206.

Den W2DEN gave a report on the win link meeting coming up soon. He also said all club winlink equipment was operational.

K4JBV Bill gave the Technical committee report all repeaters are operational. He had to go and reset the router on the DMR repeater again it got glitched by lightening. Or a power surge. There is a Surge suppressor on the router and the cat 5 cable coming into the building. It shouldn't happen. Perhaps we need a better surge protector or a different router!!

K4FLV gave a report on field day at Twin Lakes Park. There was a good turnout even though It was quite warm. They had to tear down early due to bad weather. They made a total of 1200 contacts.

Brent W8XG Reported that there is a TAPR meeting in Tampa coming up anyone interested should attend.

The meeting was closed at 7:30.

Micky KM4BHF gave a slide show presentation of her visit to Georgia the country. It was very enlightening.

Submitted by Bill Martin K4JBV Vice President
