

Minutes From SERC Meeting 10/3/16

Meeting was called to order by Bill Franklin K4FLV our President.

There was a roll call of all of the 17 people in attendance. We did not have any new people this month.

The treasurer's report was read and approved by the membership.

Bill Martin K4JBV gave the technical committee report all repeaters are working ok. However he mentioned that he had to go to the Laurel site six times now to reset either the router or the repeater because the internet was lost on the repeater. He said that we need a UPS to keep the system up and running. There was a motion made seconded and approved to buy a UPS for around \$135 plus tax.

Den W2DEN explained about the Packet, Hamlan & Mesh network and where we stand on that project. He mentioned when all else fails we will have digital capability and internet out of the area.

Bill K4FLV thought it would be a good idea for the club to donate \$200 to the digital group towards their goal to buy the pactor equipment that is necessary.

October 26th is the State agricultural tour of the Desoto County facilities Meet at the EOC at 9am if you are interested in going.

Den reminded us that we can now sign up, renew and pay our club dues on line at our web site n4ser.org using pay pal.

There will be a VE session on Saturday November 12th at the Red Cross on Cantu Court at 9am. Anyone wishing to take an amateur test is welcome to attend.

Meeting was closed at 8:45pm

Respectfully Submitted

**Bill Martin K4JBV
Vice President**
